

"Within Reach, Beyond Expectations"

Welcome

Dear Patient,

Thank you for choosing Fannin Surgicare. We look forward to meeting you and exceeding your expectations in providing your outpatient surgical needs.

Fannin Surgicare is a new multi-specialty outpatient ambulatory surgery center which opened in 2005. The facility features five state of the art operating rooms as well as two treatment rooms. The facility is licensed by the Texas Department of State Health Services and accredited by AAAHC. As a subsidiary of HCA's Ambulatory Surgery Division, we are proud to offer a safe, high-quality, convenient outpatient facility located in the Texas Medical Center in Houston, Texas.

Fannin Surgicare is committed to offering the very best environment for outstanding patient care. Our staff remains focused on maintaining a warm, friendly and caring disposition. We will do everything possible to ensure that your surgical experience with us will be comforting and rewarding.

In appreciation, please enjoy the convenience of free parking directly in front of our facility on the day of your procedure.* We also provide wireless internet access for your personal laptop, and a pediatric playroom with a Playstation.

I personally welcome your comments, suggestions and or concerns.

Respectfully,

A handwritten signature in green ink that reads "Tambrea Cannon".

Tambrea Cannon, RN, BSN, CASC, CNOR
Administrator

* We will validate your parking ticket inside the facility.
